EXPERIENCE

InAmigos Foundation <i>Web Development Intern</i>	May 2026 – May 2026 <i>Remote</i>
– Completed a Web Developing Internship at InAmigos Foundation from 02 May 2026 to 16 May 2026. – Worked on real-world web development tasks, applying skills in HTML, CSS, JavaScript, and React.js. – Collaborated with the team to build and maintain web-based solutions under the guidance of the HR Head.	

PROJECTS

Bike Management System	April 2024
– Developed a C++-based system to manage and track second-hand vehicle records efficiently. – Implemented object-oriented programming concepts such as classes, encapsulation, and friend functions. – Designed modular code structure for better maintainability and scalability.	
Weather App using React.js	November 2024
– Built a responsive weather forecasting application using React (Vite) and Material-UI. – Integrated OpenWeather API to fetch and display real-time weather data. – Designed an intuitive user interface ensuring smooth user experience across devices.
